

MASON-DIXON POLLING & STRATEGY

WASHINGTON, DC - 202-548-2680
JACKSONVILLE, FL - 904-261-2444

HOW THE POLL WAS CONDUCTED

This poll was conducted by Mason-Dixon Polling & Strategy, Inc. of Jacksonville, Florida from January 23 through January 25, 2018. A total of 625 registered Virginia voters were interviewed statewide by telephone.

Those interviewed were randomly selected from a phone-matched Virginia voter registration list that included both land-line and cell phone numbers. Quotas were assigned to reflect voter registration by county.

The margin for error, according to standards customarily used by statisticians, is no more than ± 4 percentage points. This means that there is a 95 percent probability that the "true" figure would fall within that range if all voters were surveyed. The margin for error is higher for any subgroup, such as a gender or age grouping

QUESTION: Virginia's legislature is debating whether to expand Medicaid to an additional 400,000 Virginians with incomes up to 138% of the poverty level. Some states require able-bodied adults receiving Medicaid to work or be looking for work. This requirement excludes seniors, the disabled and pregnant women. Do you support or oppose a work requirement?
