HOW THE POLL WAS CONDUCTED

This poll was conducted by Mason-Dixon Polling & Strategy, Inc. of Jacksonville, Florida from January 13 through January 17, 2022. A total of 625 registered Virginia voters statewide were interviewed live by telephone.

Those interviewed were randomly selected from a phone-matched Virginia voter registration list that included both landline and cell phone numbers. Quotas were assigned to reflect voter registration by county.

The margin for error, according to standards customarily used by statisticians, is no more than ± 4 percentage points. This means that there is a 95 percent probability that the "true" figure would fall within that range if all voters were surveyed. The margin for error is higher for any subgroup, such as a gender or age grouping

QUESTION: Virginia gives a state tax credit of 65 percent to individuals and businesses if they contribute money to nonprofit organizations that distribute private school scholarships to low-income children. This program is called the Education Improvement Scholarship Tax Credit. In general, do you support or oppose such a program?
